CANALICCHIO DI SOPRA®

BRUNELLO DI MONTALCINO
VIGNA MONTOSOLI

2019

WINE ALIGN

96/100

A 1959 vineyard was no longer delivering any significant production and so it was re-planted in 2009 though this fruit joins the classic Brunello. The Montosoli fruit is from 1995-1996 vines and the total quantity is usually 35-40 hL of juice. Canalicchio di Sopra shares the hill/cru with several others including Altesino, Baricci, Caparzo, Casanova della Cerbaie, Le Gode, Le Ragnaie and Pietroso. The 2019 is not the most open expression of sangiovese but it is crunchy and saline Montosoli. Admittedly so young as a Vigna Brunello so take as much time as needed to breath in the air. Montosoli is clearly exceptional out of 2019 and tasted against La Casaccia it feels much more savoury and even a bit brooding. This is the relative assessment that makes Montosoli feel a bit salty. Drink 2026-2035.
